## American Agricultural Editors' Association Tendered All-Glades Feast Here By Lake Communities

Members of the American Agricultural Editors' Association will sample Glades vegetables, rice, beef, sugar and cornbread at the Country Club of the Everglades on April 27th as a part of their annual tour, which emphasizes Georgia and Florida, this year.

Numbering the nation's top agricultural scribes among its membership, the Association usually annually sends one of these great United States by means of a tour, and any section is complimented when it is chosen.

The fabulous story of Florida's boom in the current issue of News Week as a tourist and industrial frontier is emphasized by Howard Hughes' apparent plans to use 20,000 acres for an industrial site and community for housing some 16,000 workers and families.

"The Glades has the goods," when it comes to agriculture and this occasion will be unprecedented in opportunity to "sell the world" about our agricultural potential. These boys are reporters and news writers and will bypass normal hometown loyalty to give their readers a true picture of what they see.

LET'S SHOW THEM!

The tour will include Newport's Ramie plant, our mobile home industry, our packing and processing plants, our unexcelled F.O.B. marketing practices. They will also see near 200 cattle equivalents in the movement that day with more than a thousand for that week.

Full plans for the handling of the group in the Glades is in the hands of a Glades Committee which is hampered by the small amount of time.

The group will leave the George Washington Hotel at 8:30 a. m. and after a short tour of farms and dairies on the East coast, will visit Pompano Beach, Fla. Leaving there at 10 a. m., the group will visit the Newport Ramie plant without leaving the buses, pass through the Glades Little League, Pony League Opener Set For April 19-20 Here

The Glades Little and Pony League baseball games start Thursday, April 19 at the playing field at Belle Glade. The season opener will be a Pony League game between the Ducks and Pioneer teams at 7 o'clock. Lorenzo Connell, president of the league said that official ceremonies will precede the game. It was not definitely known who would throw out the first ball. Only one game is scheduled.

Friday, April 20 the season opener for the Little League begins with the first game between the Jaycees and Lake Buick at 6 o'clock. The second game pits the Rotary and the Elks together here while Little League teams South Bay Lions

## Legion And Auxiliary Members Attend 9th District Conference

Merrill C. Meade, West Palm Beach, was unanimously elected 9th District commander and the American Legion and Mrs. Neal Wellman, West Palm Beach, were named district auxiliary president and district auxiliary secretary at a joint district conference Sunday at Pompano Beach.

Francis E. Gates, Mr. and Mrs. Grace Pauline, both of Ft. Lauderdale are outgoing heads of the district.

The district meeting began with an address from Pompano Methodist pastor, Rev. John Sykes after Vice-Mayor Hiram Ames of Pompano made a welcoming address.

Officers will be installed in May. The Legislature and auxiliary ladies also heard post progress reports.

Attending from Everglades were: Post 20 Commander and Mrs. Homer Brooks, Mr. and Mrs. Jack Ashley, Mr. and Mrs. J. B. Jones, Mr. and Mrs. Ray Pentz and Davis Kicklighter.

GLADES PRODUCE baskets are presented to representative of Lions Clubs from Vero Beach to Key West here Sunday when more than 150 Lions gathered here for their fourth district conference of the year. The produce was donated by area farmers and given to the visiting Lions following their business meeting at the Belle Glade Municipal Country Club where the local Lions were host of the conference.

## Local Lions Club Is Host For 150 At District Meeting Here Sunday

Residents and secretaries of 65 Lions Clubs and their wives met Sunday at the municipal country club for business at their fourth meeting of the year.

During the business session from 2-4 p. m. it was reported that Florida Lions Clubs had ranked second to Pennsylvania in gain of new members in the entire Lions association.

In addition this district had more new members than all other Florida districts together. Each club presented a report of its activities of the year.

Local district officers included F. C. Schoenfeld, zone chairman, Lloyd Leick, deputy governor, Cecelia Upholgrove, zone chairman, and Emmett S. Roberts, international councilman, welcomed the visiting clubs.

The ladies were entertained on an average of 150 members were present. The ladies were entertained on a boat and airplane rides and following the business session all were served refreshments by the local Lions and their wives.

Plans for the year were planned for schools in this area.

The Herald learned from one informed source that at least one super market in this city had a desire to hold prices at previous levels at least until last Monday; however, when other stores dropped prices immediately, there was uniformity among all stores in the area.

The move was a continuance among southern Florida dairymen, processors and distributors in a so-called "milk war."

The move in this county came after similar price slashes in the Miami area.

According to the Florida Dairy Association's newsletter of Mar. 29 Florida milk prices on an average are lower than other areas in the nation.

Prices range from Florida's 18 cents per quart to 24 cents in an unnamed area.

## Airport Road Will Be Improved Soon

First steps for the improvement of Airport Road (Ave. L) here were taken by the county commission this week when Chairman Paul Rardin announced that the county had received rights of way grants from the Florida Internal Improvement Board.

Rardin said the grant was a 100 foot right of way grant for the improvement of the road. The request for the land had been made by Rardin in late February.

In the first definite step toward the improvement of the road which will open thousands of acres of land to access, Rardin said the extension of the Airport Road was his next project of the 7th cent gas tax return.

The 7th cent of the 7 cent gas tax returned to the county is divided among the county commissioners for their desired projects.

The 1951 legislature in creating the money stipulated that to be used for secondary road work.

In other action of the county commission this week the board voted down a proposal to spend \$10,000 for a detour bridge on Bolles Canal Road while a new bridge is being constructed near U.S. 27 at Okelanta. Traffic will be routed over the Vinegar Bend Road (SR27) during the project.

## Lake Harbor Is Hit By Twister Tuesday

The Lake Harbor area was hit by a tornado Tuesday afternoon at 6:30. Large pilings on the school yard were blown down and tops twisted out. Other trees in the path were blown down or topped.

Some damage was done to houses in the colored section, and the mess hall at the Miami Locks Plantation of the United States Sugar Corp. was lifted from its foundation and settled on the ground about six feet away.

At least six TV antennae were blown down or badly damaged. Numerous small articles were carried away. One man reported his washing machine was left on the canal bank and he has found the lid.

## Council Stymied On Water Policy

The lack of a definite policy to follow in regard to supplying water to subdividers and developers brought a stalemate to negotiations at the city commission meeting here Wednesday night.

The council hesitated for nearly an hour before deciding to hold a special meeting next Wednesday to formulate policies in this respect.

Mayor Walter Ashley sought a plan to keep the water department on a sound financial condition. City Manager Clarence Robinson pointed out that installing water lines to Lyons subdivision and Irene Park at the city's expense would not keep funds reasonably sound in that department.

With a potential of at least five more subdivisions being started the council thought some plan should be forthcoming.

J. Marvin Jensen said he felt that new homes in Belle Glade were more important than having money in the water department.

## Judge Morrow Has Stimulating Talk For Coffee Hour

The trip Judge Morrow made will take him to Havana on a two-day cruise. He will stay at the new Hotel Vedado, four meals, transportation to and from the airport in Havana, a conducted tour of old and new Havana buildings, Morro Castle and a tour of the night clubs, including fabulous Tropical, Sloppy Joe's and Chinatown.

R. M. Davis, President of Lake Buick takes pleasure in announcing that he had the opportunity to sponsor such a trip as this and entertainment for the kids. All this has been made possible by the support given us by the people of the Glades Area. Without your help this and other such privileges would be impossible.

Guest speaker of last Tuesday's Chamber of Commerce coffee hour for April was Circuit Judge Russell O. Morrow who spoke to nearly 40 guests of Everglades Federal Savings and Loan Association, sponsor of the hour.

Preceding Russell's address R. W. Lanier, Chamber board member, spoke to a group of about 200 guests.

## Belle Glade's Newest Fire Fighter

MOST MODERN is the term used to describe the facilities of the new 100 gallon pumper recently added to the Belle Glade Fire Department after being brought from the Howe plant in Anderson, Indiana. The \$9,285 unit brings added protection to property since its new-styled equipment puts water on the fire immediately after arrival at the scene.

Belle Glade's new fire truck arrived Monday afternoon and began another series of tests at the fire station. Fire Chief L. E. Will said the new truck far exceeds his own specifications which means greater ability of the equipment to extinguish fires.

## Supplies Of Corn Lead All Others

Heavy supplies of corn were on the market this week with light supplies of iceberg and Boston lettuce, blackeyed peas and peppers.

Listed as moderate by Fred Tuttle, Market News Service manager here, were bell peppers, egg, celery, Chinese cabbage, endive, escarole, romaine and radishes.

Carlot equivalents have fluctuated greatly this week. Tuttle said, ranging from a low of 74 on Tuesday to a high of 302 on Wednesday which was the highest number of trucks moving from this area in a two day period of records by the news service.

Average daily movement was (Continued on Page Six)

## Postal Receipts Show Increase

Post office receipts for the first three months of 1956 here have shown a 21.7% increase over the first three months of last year according to George P. Parrell, postmaster.

Receipts for the first quarter for the sale of stamps, box rents, metered and non-metered postage amounted to \$16,288.55 compared to last year's receipts of \$13,385.36.

Parrell pointed out that there was an increase of 31% over the first month; 24.75% for the first two months. He said about a part of the increase was reflected from the discontinuance of the Chosen post office.

With regard to money order business the total sales last year during the quarter were \$1,941.00 or \$258,066.61. By a coincidence the first three months of this year saw a like (Continued on Page Four)

## Belle Glade Milk Takes Price Cut

Milk prices have taken a drop of two cents per quart in this area when three distributors announced the cut last Friday. The move was announced then following a similar movement on the east coast of Palm Beach.

Alfred Creamery Co., Southern Dairies, Inc. and Borden's Dairies cut prices on quart milk while prices on pints and half pints remained the same.

Apr. 19 the Underwriters will meet at 12:15 at the country club to hear an address by Judge Hardy of Miami, field supervisor for Georgia Life Insurance Co. Harry was head of program training agents before becoming supervisor.

Plans are being made for a speaker at Belle Glade High School who is as yet not selected. An extensive campaign of literature dissemination has

with a lace cloth also held an arrangement of sweet peas in a silver bowl. Open face sandwiches and cookies were also served.

Background music was heard throughout the afternoon from recordings. The rooms were decorated with arrangements of garden flowers and Amaryllis. Approximately 60 ladies called during the afternoon.

## Women Of Resurrection Sermon Of Ft. Petrie

"The most poignant scene in all literature" is how the scene of Jesus revealing himself after His Resurrection to Mary Magdalene was characterized last Sunday by Father Petrie in his sermon at St. John the Apostle Episcopal Church on "The Women of the Resurrection." Yet it is told in only a few sentences, the preacher continued.

Mary Magdalene was the first to see the risen Christ, the reward for her love and devotion. Also, Father Petrie pointed out, the empty tomb was seen first by women who then reported it to the Apostles. Millions of women since then have been faithful and it will be their reward to meet the risen Master and hear their own names called by Him.

Others officers elected for the coming year were vice president Mrs. Margaret Dueette; secretary, Mrs. Mary Lou Bowen; treasurer, Mrs. Adeline Crant.

## Christian Science Monitor Cites Mrs. Chamblée in Article

Mrs. J. H. Chamblée of 636 S. Main St., Belle Glade, gained national recognition in the Christian Science Monitor when an article about her appeared praising her as an outstanding Florida farmer.

Mrs. Chamblée, a 49-year old widow and mother of four children, took over the operation of the complex farming operation when her husband, first president of Pioneer Growers Co-op here, passed away over two years ago.

The article pointed out that Mrs. Chamblée is the only woman member of the 20 member co-operative. It goes on to tell the day to day activities of Mrs. Chamblée as she cares for her children, the home and the farming business here.

In the article Mrs. Chamblée states: "Whether cattle nor farming are a problem to me, thanks to the fact that our family has always been a close one. My husband always told me what he did, and there was not anything I did not know about his farm dealings. Otherwise, I would never have been able to carry on."

Mrs. Chamblée also has free time for the local boat-ski club of which she is treasurer.

**Gifts—Giving**

No great spiritual blessing ever comes to one who gives selfishly and grudgingly. Some years ago a man was complaining to his pastor about the church asking for money. He fumed, "This business of Christianity is just one continuous give, give, give." The preacher thought for a moment and then replied, "I want to thank you for one of the best definitions of Christianity I have ever heard." (—Arkansas Methodist.)

## Spread Of Muck Fires Is Stopped

Muck and grass fires have burned over thousands of acres in the Everglades this week from Okeechobee to Miami in at least eight counties.

While damage to swamps and muck was extensive, Guy Bender, chief of the Everglades Fire Control here, minimizing the loss in a monetary sense.

Bender explained that while grass and muck fires raged in Palm Beach, St. Lucie, Martin, Okeechobee, Glades, Hendry, Highland, Broward and Dade counties, mostly swamps and muck was burned over and damage to cultivated areas and pasture was termed slight.

One of the largest single fires ranged over the Elliott ranch ten miles south of South Bay near U. S. 27. Dike fires were under control now in most areas.

"For awhile we were having eight to ten fires a day," Bender stated. "That rain did us a million dollars worth of good."

Spontaneous combustion probably didn't set many of the fires, he said. "Most of the fires were caused by man's carelessness. One man was burning an old wagon and the whole field caught on fire."

Bender said that the fires now were, in a sense, a good thing. He pointed out that if the vegetation were allowed to spread for two or three years without burning off, extensive damage could be expected.

"When it burns off each year, it's better," he said.

Bender said the Fire Control had tried controlled burning but found that was impractical. The direction of the fire cannot always be controlled.

Science has provided so many substitutes recently that it's hard to remember what it was we needed in the first place.

Florida's crackdown on snappers attracted nation-wide attention, according to the Florida State Retailers Association.

## WHAT DO YOU MEAN, "JUST FACE LIFTING"?

**E**VERY NOW AND THEN, we run across someone who seems to think that 1956 cars do not offer anything really new—just a little face lifting from the year before.

We won't try to speak for the automobile industry. But we certainly can speak for Buick.

And let us announce in no uncertain terms—it's the newest thing on wheels.

## The Styling is New

Sure, it looks like a Buick. But it has a new V-proved grille that says 1956 and no mistake. The hood's new—the fender ports are new—the sweepers are new—and it all adds up to a new sweep-ahead look that ends in a sassy new slant to the rear contours.

But that, friends, is only the beginning.

## The 1956 Dynaflow™ is New

It introduces what the engineers call "double regeneration"—which means a double-action take-off. It gives you new,

split-second response in the first inch of pedal travel—plus the "switch the pitch" at full acceleration, which no one else has yet approached.

## The Ride is New

To coil springs on all four wheels, a heavy X-braced frame and torque-tube drive, the engineers have added deep-shock absorbers to give new softness, new buoyancy, new comfort, and a brand-new "sense of direction" handling response.

## The Power is New

All 1956 Buicks have new 322-cubic-inch V8's—with record highs in power and compression—with unique new double "V" manifolding to step up efficiency—with new carburetor "Jeicing"

—and a host of other new features to make owning a Buick pure pleasure.

## The Thrill is New

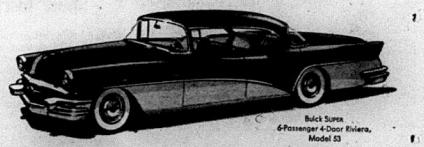

And the surest way for you to find out how right we are, is to sample a 1956 Buick yourself.

As we said before, this is the best Buick yet—by a wide measure—and when you learn the prices we're quoting, you'll know why this Buick is one of the three best sellers in today's market.

It takes a lot more than face lifting to produce such a winner as this.

\*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick built today. It is standard on Wildcat, Super and Century—optional at modest extra cost on the Special.

## TODAY'S Meditation

**Chaparral Room**  
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Read Luke 15:3-7.

The Son of man is come to seek and to save that which was lost. (Luke 15:10.)

In my work as chaplain to some mentally afflicted, my constant prayer is that God will help me to make great truths simple enough for them to understand. Sometimes individuals among them show surprising grasp and insight.

For example, before reading the fifteenth chapter of Luke one day, I suggested that they should listen carefully and then tell me what features was common to all the parables. As hoped for, a number gave the answer that the coin, the sheep, and the boy, were all lost.

Proceeding to expound this simple theme, I was halted by one of the patients. He left his seat and came quietly to the rostrum. In a whisper he said, "Sir, there is one other thing common to all those parables." "What is that, my friend?" I asked. "It is that God will never give anybody up."

Even a clouded mind may grasp the truth that there is a Love that will never let us go.

**PRAYER**

O God, give us to that insight—the work of the Holy Spirit in our hearts and minds—that we may know the truth of Thy redeeming love. We pray in the name of our Lord, who taught us to pray. "Our Father who art in heaven . . . Amen."

THOUGHT FOR THE DAY

God intends His love to be accepted by all men.

## OPERATION BIG SWITCH

for Better  
Florida Farming

Florida farmers are switching more and more to electricity to speed work, improve efficiency, increase profits. For instance, many dairy farmers are now installing lights in the floors of milking stalls to provide better illumination during milking. Makes inspecting for sanitation easier, speeds milking by hand or machine. Look around your farm... discover ways electricity can make your farming more efficient.

Electricity lightens the work of the farmer's wife, too. For example, heating water electrically is cleaner, safer, and more economical in an all-electric kitchen-laundry... on the farm or in town!

## Group Holds Hearing On Collier County Migrant Housing Problems

Governor Collins' citizens committee on migrant housing, headed by Emmett S. Roberts of Belle Glade, held its third hearing in as many months at Immokalee Mar. 29 where the group held tours and a hearing to learn what improvements were being made in housing and other conditions in Immokalee and Collier county.

The committee was presented with the fact that the boom town atmosphere in Collier county proved that most agencies and improvements could not keep pace with the growth there.

The group was presented with what has been described as the worst conditions in the state with regard to housing, sanitation, schooling, health and welfare.

While most groups and individuals had been praised for their progress, it was still termed inadequate for the county which was, apparently bursting at the seams.

Some of the problems prevalent due to the rapid growth are not enough doctors (two for a population of over 6,000), leased, not owned, land keeps farmers from spending money on housing, no funds to enlarge schools and care for non-English speaking students.

In the unincorporated Immokalee the committee found that some decent housing was being built and that zoning laws were prohibiting the construction of shacks.

Don Lander, Collier county agriculture agent, told the group that acreage had increased from 1,000 acres in 1946-47 to nearly 18,000 this season. He predicted more expansion.

Lander said that most farmers would favor long-term, low-interest government financed housing projects with a five year amortization plan.

Governor Collins has sought

help from Washington in getting such legislation passed. The committee learned that hearings on the bill was scheduled in the near future in the House of Representatives.

In the past year 186 new units have been built with proper sanitary conditions while many other units lack sanitary facilities and sewage disposal.

Collier county commissioners are attempting to allocate funds for a health center; however, at present many cannot receive treatment unless they are taken to Ft. Myers, the nearest hospital.

Educators there expressed a need for facilities to accommodate at least 1,000 children in schools with separate sections for Spanish speaking children.

Banks hesitate to extend credit now; however, some sections are becoming residential and this points to a stable economy in that area.

The committee meets in Orlando Apr. 24 to investigate the citrus area migrant problems.

### May Day

The Elementary School May Day activities will be held May 1 at 1:00 p. m. on the football field. The first through the 6th grades will participate with the 1st through the 3rd marching on the field carrying health banners. The entire program will emphasize health.

The 5th grade will do the traditional May Pole Dances. The 6th grade students selected the king and queen, Bob Stratton and Gloria Smith. Attendants are Mary Vi Matheson, Pat Anderson, John Bass and George Lawson.

Parents are invited to attend.

### State Baptists Keep Pace With Growth

Baptists of Florida have kept pace with the rapid growth of the state, according to reports just released through the Florida Baptist Annual for 1955. Twenty-eight new churches came into existence during the year, and total membership increased from 348,461 to 371,807 according to this report. Of the increase of 23,346 members 22,463 were received by baptism for an average of 432 baptized per week into the cooperating churches. Total churches rose to 1,066 with total property value of these churches increasing more than ten million dollars to reach a new high of \$60,350,381.

Sunday school growth under the direction of Secretary C. F. Barry showed a net gain of 21,469 with the new total being 319,533. Vacation Bible Schools reached 115,479 for the year. Training Union enrollment reached a new high of 105,945, the first time beyond the hundred thousand mark, under the leadership of Secretary O. K. Radford. The largest percentage gain was shown by the Men's Brotherhood work according to reports made to G. A. Ratterree, Brotherhood Secretary.

### Three Great Weeks Planned At Baptist Church In Pahokee

There was an average attendance of 58 at the Leadership School for Training Union and other church workers of the Glades area at the First Baptist Church in Pahokee. ### Counties Reap Record Harvest From Rain

MIAMI — (FNS) — Florida counties will reap a record harvest of \$34,492,500 each from Hialeah horse racing this season, it was confirmed here this week. Hialeah showed a five per cent increase in state revenue over its all-time high, after a faltering start due to unfavorable racing weather.

The track's record \$8,844,852 for 1956 brings its total state revenue since the war to \$54,988,792. Under the law, the three per cent takeout and admission taxes, amounting to \$2,010,997, is car-marked for equal division among the 67 counties. The five per cent takeout and "breaks," amounting to \$4,053,854, goes for old age assistance all over the state.

As a result of its continued expansion of plant, Hialeah has shown 63 per cent increase in state revenue since 1950. The latest addition is a new deluxe grandstand, opened this January.

**PEC To Offer Rail Travel Credit Cards**  
Since April 1st, rail travel credit cards have been available and honored by the Florida East Coast Railway, it is announced. Under this arrangement, credit cards issued to business firms and individuals may be presented in lieu of cash for the purchase of railroad tickets and Pullman space, and for express baggage charges. They will also be honored aboard trains for meals and dining car services. The credit card holder is then billed at the end of the month for the value

# SCHOOL NEWS

By Frances Sloan

**Safety Patrol News**  
There is an organization at the school which does a tremendous amount of good, but has had very little publicity to date. That organization is the Safety Patrol. It is made up of boys from the 7th grade through the 8th grade. Coach Hector Ouellette is in charge of the boys, and they are to be commended on the excellent job they have done this year. Their primary job is to help the policeman at the school zone and to direct traffic and children around the school roads. This group have their own wearing the boys, and they are to be commended, a belt, badge, and rain coat.

Captain of the Patrol is seventh grader, Dennis Alford. The Lieutenants, each of which have nine boys in their squads, are Alvin Schlechter and Eddie Mikovsky. The Squads work alternate weeks. Other boys in the patrol are: Ken Evans, Carl Norris, Steve Weeks, Don Hobson, Lynn Smith, Dennis Denton, Ray Mock, Wm. Motes, Roy Eldridge, Joe Fontaine, James Johnson, Carl Thompson, and Richard Barrett. Reserves are Bucky Allen, Junior Dover, and John Kelling.

Several weeks ago, the patrol had their annual picnic at Fins Eating Creek. In about two weeks they plan to take another trip. This time it will be a picnic and beach party at Lake Worth. One of the biggest events for the patrol each year is their trip to Washington, D. C. Two boys are selected for the trip. It is a national event and the boys learn a great deal from it. They will make a tour of the capitol city, which includes going

through the F.B.I. building. As a group, they will be privileged to meet President Eisenhower, and J. Edgar Hoover, of the F.B.I. This year, the trip is in May, and one of the local boys going is Dennis Alford. The other candidates are the two Lieutenants, one of which will be elected by the patrol. The boy who is not selected to go will automatically be Captain of the Patrol, next year. The trip takes about four days and the boys travel by train. The trip, which costs about \$80.00 per boy, is paid for by the P.T.A. and the Belle Glade City Commission.

**Prom Time**  
Well gang, tonight's the night. You know, the night we've all been planning for and talking about for two months or more. The one night in all our high school years, we're likely to remember forever. The Junior-Senior Prom and banquet.

The poor Juniors have put in many tiresome but wonderful hours on decorations this week. The theme of the prom will not be known to anyone but the Juniors until tonight. The banquet begins at 6:30 tonight and the dance the Hugo Theatre is sponsoring a breakfast afterwards at the Country Club. All parents are invited to come down for a few minutes and see both the prom and the banquet.

**Cafeteria Menu**  
Monday, April 16 — Baked ham, Spanish rice, steamed cabbage, 1/2 orange, bread and butter, and milk.  
Tuesday, April 17 — Sloppy Joes, tossed salad, stewed apricots, and milk.  
Wednesday, April 18 — Hamburger gravy, mashed potatoes, green beans, fruit jello, bread and butter, and milk.  
Thursday, April 19 — Chicken

pie, green salad, fruit cup, bread and butter, and milk.  
Friday, April 20 — Pan fried perch, baked beans, cold slaw, ice cream, bread and butter, and milk.

**U of F Visitors**  
April 9th, 10th and 11th, was Palm Beach County Week at the University of Florida. Mr. Hank Feldberg, football coach at the University and Mr. Bill Rhodes, visited the high school, Wednesday, and discussed the university with the seniors. He stated that there are now approximately 11,000 students enrolled.

The program was conducted as a open forum. Courses offered were: Courses offered, recreation facilities, scholarships, entrance requirements, ROTC, and sports.

**JRC News**  
The county council meeting of the Junior Red Cross, for April, was held at Delray Beach, Tuesday. Attending from Belle Glade, were: Leonard Higbee, Dorothy Irvin, Martha Faye Davidson, and Carolyn Schoenfeld. The group was accompanied by Mrs. Paul Higbee. A senior Red Cross member gave a talk on the needs of India-China. Mrs. Muriel Pringle, asked for volunteers to come to the Chapter House, and check the gift boxes, which are to be sent overseas as soon as possible.

The National JRC Convention was discussed. The month of May is Disaster Month and we are to choose one delegate to attend. The next meeting will be at Northboro School and an election of officers will be held. Also all delegates who went to the local training camp in February are requested to be present.

**FHA News**  
Carolyn Miller, Frances Foston, Arlyce Bedsole, and Martie Yates, accompanied by Mrs.

Hazel Litchfield, spent Thursday, through Sunday, April 9th through 11th, in Clearwater, at the State FHA Convention. Carolyn Miller ran for State President-elect, coming in second, when the votes were counted. Her campaign managers were the other three girls named. The convention was held at the Fort Harrison Hotel, but the local group stayed at the Grey Moss Inn.  
Miss Joyce Wolfgang, from Tampa was the newly elected state president-elect. The past officers remarked, "This has been the most wonderful experience of my life." Honorary members elected to the FHA were Miss Edith Davis, St. Petersburg, Miss S. Wolfgang, Tampa; Arthur Barclay, Tampa, and Mrs. Kelly Roberts, Wausau.

Most of the Friday afternoon session was occupied with a panel discussion on "Teen-agers' Problems." "Youth of today" more information than those of yesterday," remarked Mrs. Burton Cunningham. Other phases of the discussion were: Emotional Changes caused by Social Growth, What Public Schools Ask of Parents, Emotional Changes caused by Social Growth, and Marriage and Vocations.  
Friday evening, in the Crystal ballroom of the hotel an "April in Paris" fashion show was held. Decorated with a background of silhouettes of the Eiffel Tower and the Arc de Triomphe the stage held two colorful beach umbrellas under which the models posed in clothes they had fashioned and designed.  
An installation of officers took place Saturday at a banquet, which held the theme of a Florida scene.  
The next national FHA convention will be held in the Conrad Hilton Hotel in Chicago on July 2 through 6.

## NEGRO NEWS

### Negro Woman Awaits Trial For Cutting

Mary Jordan, Belle Glade negro, has been charged with assault and battery with a knife after she stabbed her husband, Lonnie Jordan, Apr. 7 while they argued in bar on Ave. B. Place.

If Jordan is released from Belle Glade hospital, City Investigator V. R. Clark said he will be tried in city court tonight.

Jordan received wounds in the upper arm and shoulder during the struggle.

### Negroes Assist In Area Red Cross Drive

The Chairmen of the Lake Harbor-Bare Beach area Red Cross Drive want to take this opportunity to thank Cora Brown, Willie B. Mack, James Rice and Ruel Patterson for the wonderful work they did in the quarters during the recent drive. It was through their untiring efforts that we were able to make such an outstanding record.

### Draws Fine For Knife Attack On March 31

Emma Jean Anderson, 28-year-old Belle Glade negro, has been fined \$100 and costs or 90 days by Municipal Judge N. B. Lloyd here following a conviction for assault and battery with a knife.

City Investigator V. R. Clark said the Anderson woman stabbed her common-law husband, Norman Tolbert following an argument in a 5th St. bar Mar. 31. Trial was postponed while Tolbert spent ten days in Belle Glade hospital suffering a deep stab wound in the shoulder.

# Its power packin' punch put it No.1 in V-8 sales

**And now Ford's new 225-h.p. engine gives you even hotter performance!**

Today's trend in automobiles is to the V-8 engine. That's because today's car buyer demands performance. And sales figures show that Ford V-8 with its power-packin' punch is the largest-selling eight in the world! Official figures for 1955 show that 346,373 more people bought Ford V-8's than bought the two other low-priced eights combined!

But now Ford is setting an even hotter V-8 pace by making available, the biggest engine ever offered in the low-price field. It's the Thunderbird Special V-8—and you can order it now in Fairlane and Station Wagon models. With a displacement of 312 cubic inches and 235 horsepower, it whisks you from "when" to "GO" as you've never gone before!

Ford gives you that wonderfully long, low look of the Thunderbird. You get Lifeguard Design, also, to help protect you in case of accident. Test Drive this new Ford... today!

## 'Learn By Doing', First Junior Flower Show Is A Huge Success

The First Junior Flower Show, "Learning By Doing" proved a huge success when staged Monday at the Elementary School auditorium by the Garden Study Club of Belle Glade.

The backdrop curtain with a beautiful garden scene, including a grecian fountain, made a perfect background for the colorful flower arrangements and specimens exhibited by members of the fourth, fifth and sixth grades. Large striking-looking tropical potted philodendrons, lilies and iris decorated the front of the stage where the grey-covered exhibition tables were artistically placed. Interesting exhibits in the educational field were displayed, as well as an informative exhibit on the conservation of wildflowers.

Much attention was attracted by the odd and imaginative vegetable novelties entered by the members of the Junior Garden Study Club.

The many unusual plants on sale at the "Plant Sale" staged on the auditorium floor drew a lot of customers, too.

By popular request at the P.T.A. meeting, the show was held open until ten o'clock Tuesday morning to allow all elementary grade children to file through for a "look-see."

Special prizes of the booklet, "Picture Primer of Attracting Birds" were awarded to Donna Jean Anderson, winner of the sweepstakes in the artistic division; to Barbara Wolf, president of the Junior Club and winner of sweepstakes in the horticulture division; to Barbara Stone, secretary of the Junior Club, and winner in the Scrapbook Division, and to Wayne and Darryl Wood for the very outstanding exhibit of the "Knight and the Dragon" made of banana stalks, leaves and flowers.

Ribbons winners out of the 100 entries are as follows: Division I, Class A, "Beauty in Line" 1st, Bonnie Jean Anderson, 2nd, Wilma Jean Waldron, 3rd, Peggy Farrow; Division II, Class A, "Beauty in Numbers" 1st, Bonnie Jean Anderson, 2nd, Barbara Wolf, 3rd, Faye Johnson, honorable mention, Mary Lou Raulerson; Class C, "Good Morning Teacher" 1st, Bonnie Jean Anderson, 2nd, Barbara Stone, 3rd, Barbara Wolf, honorable mention, Mary Lou Raulerson.

Class O, Frog Hair, 1st, Carolyn Johnson.

Division III, Scrapbooks, 1st, Barbara Stone. There were 105 entries.

tion of the ten finalists, one number offered was, "I Don't Stand a Ghost of a Chance." Judges were Ed Stumpf, Post-Times editor, Gordon Ewell, Tallahassee, Robert Horner, Carl Latons and Frederic De Hon, West Palm Beach.

### Hospital Auxiliary Has Busy Program

Members of the Women's Auxiliary of the Belle Glade Memorial Hospital finished a good supply of mending and sewing and preparing surgical supplies for the sterilizer at the work session Tuesday afternoon.

Mrs. L. L. Price presided over the business session. At that time Mrs. Dora McWhorter reported six pairs of drapes were ready to be hung in the south wing of the hospital. Mrs. E. C. Mapp reported 17 sterilizer wrappers had been made and 23 glove containers. She also distributed 120 towels to be hemmed by volunteer workers.

Mrs. Donald Parke was appointed Gray Lady for April and Mrs. Vernie Boots was appointed to represent the auxiliary at the convention of American Hospital Auxiliary Association, in Miami Beach April 19.

Announcement was made that the OES would be in charge of sewing for April, Woman's Club for May and the Beta Sigma Phi Sorority for June.

The group voted to place receptacles in local stores to collect clean used nylon hose to be sold for the benefit of the hospital. The public is requested to help in this project.

Announcement was made that the open house which is held every year on April 12 would not be held this year due to over crowded conditions in hospital.

Mrs. Fred Simmons gave a final report on the membership drive. There were 197 Associate members, 37 active members and 11 patron. Total amount collected was \$421.50. Others present were Mrs. Robert Golden, Mrs. William Gruber, Mrs. E. F. Allen, Mrs. Cicely Mulberg and Mrs. Herbert Beck.

According to DeWitt Upthegrove, Supervisor of Registration, Sumter Lowry, gubernatorial candidate, will be visiting Belle Glade this morning meeting friends at Bell's Restaurant between 8 and 9 a. m.

A report of General Lowry's visit will be published next week.

### Postal Clerks Wanted For State Positions

A civil service examination will be held in the near future for more than 50 substitute postal clerk positions according to George P. Farnall, postmaster here.

Application blanks may be obtained from the post office here or any post office in the state. Applications should be mailed to Fifth U. S. Civil Service Region, 5 Forsyth St., N. W., Atlanta, Ga. not later than April 13.

Duties involve separation, distribution and routing of mails in transit and the work is of arduous physical nature. There are openings for positions in all parts of the state.

### "DRIVING THROUGH THE YEARS"

The story of the Motor Car

#### WINDSHIELDS - YESTERDAY AND TODAY

First autos had no windshields, drivers were protected by goggles and in case of rain, by a canvas cover.

Later, a piece of glass above the dash served as the windshield.

Then came improvements with the windshield opened or closed.

and with closed cars came windshield shades, the slanted angle, the two piece windshield, etc.

...Until today the dawn of beauty, visibility and safety is reached by the panoramic windshield, introduced by BUICK

### MARIBELLE SCHLECHTER

(Continued from Page One)  
sponsor of the event.

Williams extended his thanks and expressed his appreciation to all those who helped to make this year's contest a success.

Others selected for the top ten from the original 32 were: Wanda Brent, Wanda Bemby, Cline Faulk, Sandra Gove, Vicki Yanaway, Jackie Hood and Gail Sasser.

The stage was decorated in accordance with the "Horn of Plenty" theme as two huge cornucopias were mounted above the nooded terrace. The contestants entered the stage from the rear and paraded onto a runway which was decorated with vegetables and corn stalks.

The girls each received charm bracelets as consolation prizes while the three top winners were awarded of apparel amounting to \$175 in addition to luggage awards.

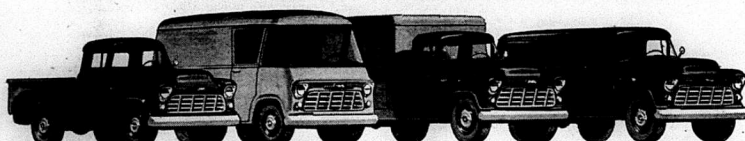

Miss Schlechter stated this week that she expected to take her trip to Nassau, top prize winner, sometime during the summer. She hasn't decided whether to enter the Miss Florida contest, which was to have been awarded under the further sponsorship of the Jaycees.

Asked if she planned anything special to do in Nassau, she beamed, "I don't know, but I'll have to invent something."

For the more statistically minded, Maribelle is 17, weighs 126 and stands 5ft. 5 1/2 in. Further tale of the tape is 37-24-36. Maribelle was a late entrant, entering the contest Mar. 23.

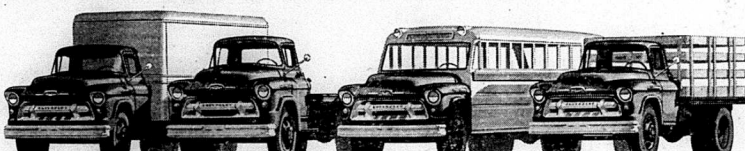

Music for the evening was provided by the C-Jay band which also played for the coronation ball at the Belle Glade Country Club. During the selection of the ten finalists, one number offered was, "I Don't Stand a Ghost of a Chance."

## Israeli Expert Is Guest In Glades

Guest for a three day visit to the Everglades Experiment Station this past week was Jacob Oppenheimer from Israel, chemist-in-charge.

Oppenheimer is assistant to the director of the colonization department of the Jewish Agency where his duties consist of planning of vegetables and industrial crops for new agriculture settlements.

He is working on the project in Israel which is promoting the production of vegetable crops, peanuts, sweet potatoes, sugar beets and tomatoes.

Forre said Oppenheimer was particularly interested in the production of vegetable crops and tomatoes which are grown for canning purposes.

Upon his return to his country he will visit stations in Maryland, Georgia, Louisiana, Arizona, California, Texas and Florida.

He will hold regional meetings with his staff and farm people to present his own findings on improved production practices.

Oppenheimer also conferred with H. L. Speer, assistant county agent, while on his three day tour.

## COAST-GLADES LEAGUE NEWS

At least eight teams will be in the Coast-Glades League this year according to Ed Menninger, president of the league. Menninger said this week that play should begin April 22.

Meanwhile the local team worked out again Sunday with a dozen men enjoying better batting average to Perry Rigdon, manager. Rigdon said the men were getting their eyes on the ball now and would prove a good threat to any other team in the league.

Positions are still available for the team, so anyone interested contact Rigdon at WY 6-2056, The Herald.

The team will travel to Pompano to play a practice game Sunday.

The team will meet at F. L. Harris Service Station at 1:00 p. m.

## League Will Meet

There will be a meeting of the Pompano and Little League next Tuesday at the Belle Glade High School gym at 8 p. m. according to Lorenzo Lopez, league president. The meeting is open to managers and officials.

COUNCIL STYMIED (Continued from Page One) men of J. H. Livingston, Jr. said he felt a policy was needed before expansion began.

L. H. Samuels then appeared to say that banks would not make any more mortgages on his property in Irene Park until adequate water was provided there. The council hit a stone wall.

Each side seem to feel that the other should pay the expense of the water. Each felt that the three-quarter inch pipe now installed should be replaced.

"Until you fix that area, you won't get another building permit as far as I'm concerned," Mayor Ashley said.

Samuels replied that he hadn't heard any complaints about inadequate water yet. He stated that the council was clouding the issue with matters not pertinent to the facts. He referred to the request from the city to install culverts for drainage of the lake. The city has failed to build the streets in that area.

Councilman Livingston suggested that the city pay half the expense and Samuels the other half. He refused the city's offer saying, "I don't see why I should."

The council moved to pay no further talks could be of no use. A policy was determined next Wednesday.

In other action Mrs. Ruth Wedgworth appeared seeking funds to operate the negro recreation activities at the rate of \$250 per month.

The council moved to pay the expense from the general fund and the auditorium fund. The city manager will contact Henry Earwood and school board attorney about the procedure.

The council also authorized the Recreation Commission to proceed with the drawing of plans for the swimming pool. The city will also investigate putting a park and boat loading ramp at the city port on the lake.

Joe Friedheim asked the council about putting football and baseball fields on the Lake-roose park site. The city manager will contact Henry Earwood and school board attorney about the procedure.

## Harvest Festival Ends Sugar Season

Several thousand employees of the U. S. Sugar Corporation and members of their families participated in the Sugarland Harvest Festival in Clewiston Saturday as the 1955-56 sugar harvest officially ended.

Beef and pork were barbecued and served at the Sugar House. The harvest dance was held at Sugarland Park Recreation Center starting at 9:30.

Service emblems were awarded to negro and white employees for 25 and 15 or more years service to the corporation.

The coronation ceremony, feature of the festival for several years, was held.

Harry T. Vaughn, executive vice-president and general manager released figures on this season's operation early last week.

The U. S. Sugar Act authorized the Department of Agriculture to slash the corporation's quota and cutting time. The cut was 215 acres.

The report said 963,659 tons of cane was ground, 98,265 tons of commercial raw sugar produced, 22,713 acres of cane harvested.

There were 153 days of grinding. Despite the fact that the January freeze cut the crop short, Vaughn said there would still be a surplus in storage unless the government offers relief from the marketing allotments.

## More Labor Is Being Recruited For Local Harvesting Activity

Lee L. Smith, manager of the Florida State Employment Service office here, said this week that there was a shortage of labor again in this harvest; however, labor crews were being recruited.

Smith said 250 workers were brought in Thursday and in the next five days close to 1,000 per day would be brought in from the east coast for cane harvesting.

He also said labor representatives from eastern seaboard states were in this area recruiting workers for the summer working season in the north. Great numbers of workers are being signed.

Nearly 100 crew leaders, representing over 4,000 laborers were consulting with the recruiters. The representatives worked Pahokee yesterday and will be here at the employment office from 9 a. m. to 4 p. m.

Elliott Declares Port Candidacy

Robert A. (Bob) Elliott has announced his candidacy for Commissioner of the Port of Palm Beach, district two — group one with the following statement:

"I am in favor of developing the Port of Palm Beach to its maximum capabilities. I realize the tremendous value that a sea port has for any community and area, especially, the Port of Palm Beach due to its geographical location to the International Shipping Lanes. I am of the firm conviction that there is no limitation on the amount of traffic that the Port of Palm Beach can handle and I will endeavor to develop the Port of Palm Beach without detriment to the progress that this community and area has already realized. Further, I am in accord with the present effort to create two additional districts in the western sector of the present district two, thus creating two additional seats on the Port Commission. These two new sub-districts would give representation from the Glades area."

Mr. Elliott, born in Lake Worth and educated there in the public schools, was graduated from Oglethorpe University with a B.A. degree in commerce. Upon graduation from College he entered the U. S. Navy and received a commission as Ensign in December 1942. He served in the European and Southwest Pacific theaters during World War II. He was ordered to the U. S. Naval Re-

pass as much traffic as he can in the shortest time. Another item of concern to these gentlemen is the removal and destruction of the highway torches which are lit at night. Not as many are removed as are used as targets for shooting and road throwing, the gentlemen said. Whatever is being done with the idea of getting the job done as quickly as possible with as little bother to the public as practicable.

Clark said Willie Gasper was taken into custody Sunday and will be extradited to this county where he will be tried for larceny of an automobile.

## Girl Scout Cookie Sales Go Over Top

Mrs. Fred White, chairman of the Annual Cookie Sale of the Palm Glades Girl Scouts in Belle Glade reports the most successful sale this year with the members of the troops here selling 840 boxes, the largest number of boxes to ever have been sold.

The Brownies and Girl Scouts are to be praised in this worthwhile project which netted \$147. A portion of the money

will go into the local Girl Scout treasury and the bulk of the money will be given to the Palm Glades Council for the capital improvement funds for equipment and permanent improvements.

## April Is Navy 'Sign-Up Month'

MAYOR WALTER ASHLEY signs a proclamation naming April as "Navy Sign-Up Month." Representing the Navy is Chief J. A. Tillman, West Palm Beach Navy Recruiting Service who also serves the Belle Glade area. In signing the proclamation the mayor called on the citizens of this city to assist the Navy in meeting their quotas with the best of Belle Glade's young men.

In announcing "Navy Sign-Up Month" Chief J. A. Tillman, recruiting station here and in West Palm Beach, revealed a revised "career package."

"The Navy," he said, "is determined to meet its present manpower shortage with an honest career plan for deserving young men and women, and is certain that the majority of future Waves and Bluejackets

will be volunteer regulars and not inducements." Tillman said revisions in the many benefits and attractions of the Navy program call for choice of station, the Navy's new airman program and the "buddy" system as well as those opportunities already offered with a career in the Navy.

Other outstanding points in the Navy's new look include specialized training for either service or civilian life. To wrap the package accurately, Tillman said, off-time study can provide college degrees and moral guidance programs in the faith of their choice for moral fiber. The Herald carried the actual proclamation which the mayor signed in last week's issue.

## Nathan McCormick Funeral Saturday

Funeral services for Nathan N. McCormick, Palatka, who was found dead Wednesday morning in his trailer home, were conducted Saturday afternoon at 2:00 o'clock at the Wetherington Chapel. The Rev. James Boyd, pastor of the Palatka Baptist Church officiated. Burial was at Port Mayaca Cemetery.

Mr. McCormick's death was attributed to natural causes. He had lived in Palatka for several years coming from his native South Carolina. He was employed by Vandergrift Williams Farms.

Survivors include a daughter, Mrs. Julian White, New Smyrna Beach, a brother, D. G. McCormick, LaBelle, and a sister, Mrs. Citty Ann Welch, South Carolina.

## CIVIL AIR PATROL

TWO CADETS RECEIVE ASSIGNMENT. Sgt. Jerry Edwards (l) and M/Sgt. Dorothy Irvin (r) receive letters authorizing their training trip to Lackland Air Force Base, San Antonio, Texas. Squadron Commander, 2nd Lt. Leo James, (r) makes the presentation at the local Civil Air Patrol headquarters.

## Local CAP Cadets Get Texas Trip

M/Sgt. Dorothy Irvin, daughter of Mr. and Mrs. Ted Irvin, and Sgt. Jerry Edwards, son of Mr. and Mrs. H. G. Edwards, both members of the Glades Civil Air Patrol Cadets, were selected to participate in a training mission, to be held at Lackland Air Force Base, San Antonio, Texas, on the week end of April 20th.

The trip, which includes all Squadrons in Group V, will fly from Palm Beach AFB to Lackland AFB on a C-118 Flying Boxcar. The mission will begin on Friday, April 20th, at 1200 hrs. (12:00 Noon) and end, Sunday, April 23rd, at 2300 hrs. (11:00 P. M.).

Captain Ted Marks, a cadet from Lantana Squadron, who is on the Group staff, visited the local cadet meeting Sunday, and brought the news about the mission.

Sgt. B. E. Weeks, local Commander of the CAP, stated that

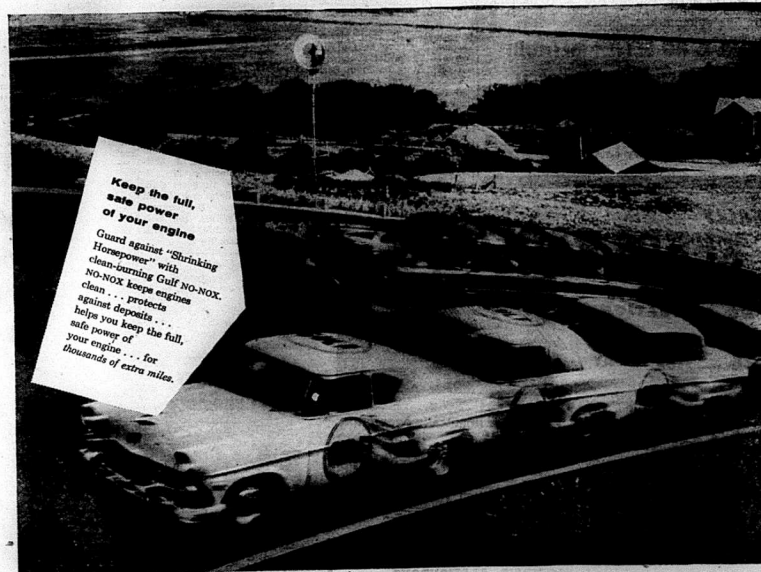

since the Senior CAP Squadron does not have the required fifteen members, it is about to be deactivated. This puts the cadet squadron in jeopardy. In case the senior squadron is deactivated, which we hope will not happen, the cadet squadron will continue, but will be a squadron attached to group, instead of a local senior squadron. All former members of the squadron who did not renew their membership are urged to do so. Also, any citizen of Belle Glade, who is not a member and is over 21 years of age is urged to investigate the organization and contact B. E. Weeks, if they are interested in joining. It means a lot to the fine group of cadets who have organized and carried on with very little senior supervision.

The cadet squadron has been divided into two squads, Able, the girl's squad, and Baker, the boy's squad. M/Sgt. Dorothy Irvin is the girls leader and Sgt. Jerry Edwards, the boys squad leader.

Pvt. Randy Way was promoted to the rank of Private First Class as of 18 March 1956. Recruit Jenny Wooten became a member of the local squadron as of 8 April, 1956.

After the meeting, Sunday, a joint birthday party for two of its members, M/Sgt. Jeanne Willis and Dorothy Irvin was held, whose birthdays were April 1st and 3rd, respectively. The cake, beautifully decorated with pink icing, silver candy, bees and roses was made by Mrs. Frances McMillan. A rose corsage was presented each girl.

# 'Retired' Movie Dog Lives Here

**THIS IS A DOG'S LIFE!** Two huge Scottish Fold dogs have breakfast served by their owner, C. M. Tippy, who is now living in Belle Glade. Lindsay, at the left, is the lone survivor of a trio of show dogs which Tippy, a tractor contractor here, trained to eat at the table among many other tricks. Mohave, right, was killed recently.

C. M. Tippy, a resident of Florida off and on for 27 years might be called a dean among dog trainers having trained and bred the Scottish Gordons (They look like oversized Cocker Spaniels, as one observer noted), which are worth \$250 when nine months old.

Lindsay, who is drinking coffee above, is six years old and has appeared in motion pictures with two other dogs owned by Tippy, California and Mohave. They have appeared with Bill Boyd (Hopalong Cassidy), Andy Devine and Gloria Swanson. They're used for atmosphere, Tippy pointed out.

Skilled at hunting, the dogs could also help kill mosquitoes, lions, point out and kill snakes, and save human lives. The three dogs were born in California while Tippy lived there 11 years. Tippy first got the idea to breed dogs from his grandfather who brought one of the Gordons from his native Scotland.

Aside from his dogs, Tippy has been a hotel chef and reared a family of eight boys and one girl. About his dogs Tippy said, "You can make them do anything you want them to if you don't shout at them." He went on to say the dogs were trained to obey signals. Kindness, he said, would always train a dog where harshness failed.

Lindsay, last of the famous trio, likes to take easy now but she's ready for action anytime. One of her companions was killed by a truck and a snake bite proved fatal for the other.

Lindsay has won at least a dozen trophies and ribbons as well as having the honors of a movie star. All that, and it's just a dog's life.

**JUDGE MORROW HAS**

ed the group and Representative Emmett Roberts introduced political candidates who were present.

They included Billy B. Burns, Port of Palm Beach commissioner, Ralph Blank, Jr., state representative, group one candidate, E. F. McAllister, constable candidate, Justice of the Peace J. R. Cherry, Henry Earwood,

criminal court of records and circuit court is almost swamped," he said.  
"Another judge in the circuit court will alleviate some of the congestion."  
Morrow said a second amendment would provide three appellate courts in the state — one to take care of Palm Beach, Broward and Dade counties which now have one-half of all the cases going to the Supreme Court of Florida.  
In pointing out that court cases now take too long before coming to a hearing, Morrow said, "Justice delayed is justice defeated."  
In closing he stated that citizens as well as office holders must have strong moral fiber. "Our government is founded on honesty and integrity," he said.

## THE SHOPPER ABOARD

Shoppers who haven't lived abroad could be puzzled and annoyed at the way people must go about shopping for food in other countries. In most of these countries, stores are usually forbidden by law to offer such items as fresh meat under the counter, with canned vegetables and soups. In France, for instance, the housewife must go to as many as 14 stores to complete a shopping list — a fruit shop, a smoked meat store, a fresh meat butcher, a bakery, a dairy, and so on.

Here in the United States, where we patronize a family-owned store or a big chain supermarket, we take it for granted that everything we want has been assembled for us — and that the highest standards of sanitation and convenience prevail.

In addition, we have come to expect and demand foods in a form which requires a minimum of preparation — and we are also accustomed to buying foods which once were available only seasonally at all times of the year. For example, Chain Store Age reports that the American housewife spent \$8.2 billion in chain grocery supermarkets last year for portable items requiring refrigeration. The typical chain outlet has up to \$75,000 invested in refrigeration equipment alone — four to five times as much as the independent store of 1925! These and the many other costs brought on by the demand for frozen and otherwise processed foods help explain why the "spread" between the price received by the farmer and the price paid by the consumer has widened.

The superiority of American retailing is not confined to the food store. In fact, in all the many branches of retailing — as Americans who have traveled abroad will tell you.

## UNDERWRITERS

(Continued from Page One)  
Each local association has particular control of their program. The plans call for dispersing of programs in insurance before local civic clubs.

Through the local insurance Education Week members of the Everglades Life Underwriters will seek to provide a better understanding in this area of the varied types of protection offered by life insurance.

Life insurance ownership is at an all-time high in Florida today having more than tripled since the end of World War II. Recent statistics compiled by the Institute of Life Insurance indicate that nearly 98 out of every 100 people making application for ordinary life insurance are accepted.

## PROCLAMATION

WHEREAS, more families own life insurance than any other form of thrift and savings; and  
WHEREAS, life insurance has become a great base of family financial security planning; and  
WHEREAS, life insurance has contributed to and benefits by the great social and economic changes, with changes in life insurance needs being made necessary constantly by these changes in the social and economic structure, as well as by changes in the family's own situation; and  
WHEREAS, life insurance renders a second and great service by carrying the policyholder dollars back to Main Street, where they go to work aiding all segments of the economy and the community as a whole, while awaiting call for benefit payment; and  
WHEREAS, many persons, both as policyholders and beneficiaries, desire to learn more about life insurance, that is, what it does, and how it operates; and  
WHEREAS, the Florida Association of Life Underwriters is co-operating in a program to inform the public of the many and broad aspects of life insurance; and  
NOW, THEREFORE, I, LEROY COLLINS, by virtue of the authority vested in me as Governor of the State of Florida, do hereby proclaim the week of April 15 - 21, 1956, as  
LIFE INSURANCE EDUCATION WEEK.

In Florida, and urge all citizens to avail themselves of this opportunity to learn more about their life insurance and what it means to them and their families.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Florida, to be affixed at Tallahassee, the Capital, this 12th day of March, A. D. 1956.

LEROY COLLINS  
Governor.

ATTEST:  
R. A. GRAY  
Secretary of State.

**GOVERNOR LEROY COLLINS** presents his proclamation on Insurance Education Week, Apr. 15-21, to L. E. Conner, president of the Florida State Association of Life Underwriters last week. ## Burns Campaigns For Port Post

By Dick Harvey

In the Mar. 9 episode of this column it was stated that during a National Guard weekend training session of Co. E, 211th Inf. Rgt., a quarrel of steak was thrown away. At the time there was superficial evidence to substantiate the statement. The item, printed without malice to the Guard, intended to point out that if such were true, it was not.

The Herald, upon further investigation, has determined that such cannot be supported by the plausible evidence and regrets that the author of the column allowed the item to appear without substantial evidence.

Lots of folks in town are complaining that they're having too many meetings of groups doing something. We heard one remark this week along that line, "I'd better attend all the meetings of your group, or they'll appoint you head of something."

Here's a word found in a state news release, but it might apply to some folks here. "If you keep running around in circles long enough, somebody is bound to mistake you for a big wheel."

The results of the Harvest Queen contest held here Saturday, you'd better attend all the meetings of your group, or they'll appoint you head of something.

Our sympathies to the right arms of candidates who'll be shaking hands so regularly in the next 30 days. This department hasn't got a recommended rubbing compound.

Fires in the Glades have caused some serious concern. When asked what he planned to do if this area had a rain, Guy Bender at the Fire Control said, "I was figuring on digging a hole for myself."

The last straw: Davy Crockett wasn't the only one to have trouble with bars. That horse somebody led into a couple of bars here last week nearly ruined business for awhile. If you draw your own conclusion, you'll probably be right. Story elsewhere.

## Area Quota Topped In Red Cross Drive

The American Red Cross set the quota for the Lake Harbor-Bare Beach area at \$250, and the total amount given was \$334.81. This total was met within the time limit set for the Red Cross Drive.

Mr. Melvin E. Livengood, Executive Director of the Palm Beach County Chapter, has sent a letter to the Chairmen of this area thanking them for exceeding the limit. The Chairmen wish to thank everybody who made this outstanding report possible, especially Mr. Roy Taylor of the Ritta Camp of the United States Sugar Corporation, who contacted all of his laborers who made a nice contribution to the drive.

## Farm Income Declines Operation Costs Rise

Last year the farmer received only 40 cents out of each dollar he produced, as he was getting 53 cents out of each dollar in 1945, according to the Florida Farm Bureau.

"Farmer's income has declined about 24 percent since 1946, while farm production costs have climbed about 20 percent during the same period," the Bureau further points out in a statement, analyzing the farm situation.

Continuing the statement said: "While farmers have been losing some of their share of

the food dollar, housewives have been paying more for the food they serve. For example, if the farmer gave away his milk, a 23 cent bottle would still cost the consumer 13 cents; or if he gave away his hogs a 50-cent cut of pork still cost the consumer 25 cents.

This unequal switch has resulted in farmers being the lowest paid group of workers in the country and has forced them to cut back on buying equipment

they need for production purposes."

## Tax Office Hours
